ARIZONA CORPORATION COMMISSION

August 24, 2006

Dear Interested Party:

The Energy Policy Act of 2005 requires each State regulatory authority to consider certain issues. One of those issues is in Section 1251 (Net Metering and Additional Standards) of the Act. On January 23, 2006, Commission Staff filed a memorandum to the docket on Distributed Generation (E-00000A-99-0431) that Net Metering issues would be addressed in that docket.

A workshop on Net Metering has been scheduled for **September 7, 2006, from 9:30 a.m. to 1:00 p.m. at the Department of Environmental Quality, Room 250, 1110 W. Washington St. in Phoenix, Arizona.** An agenda is attached.

If you have any questions, please contact Barbara Keene at (602) 542-0853.

Sincerely,
